National Comprehensive Cancer Control Program
Technical Assistance and Training Regional Workshop
Session I: Survivorship
Annotated Agenda
AL, IL, KY, MS, TN

CDC Program Consultant: Jamila Shields
Facilitators: Dr. Mandi Pratt-Chapman (GWCC), Mohammad Khalaf (GWCC), Katie Bathje (ACS), Connie Bura (ACOS)
Date: November 30, 2020
Deliver mode: Zoom Online Conferencing

Learning Objectives

As a result of attending this workshop, state comprehensive cancer control (CCC) programs will be able to:

- Describe the **role of CCC programs in addressing needs of cancer survivors**
- Apply knowledge learned to **identify state specific survivorship needs and discuss system level approaches to address these needs**
- Apply knowledge learned to **help health system coalition members meet CoC standards**
- **Exchange ideas and network with other state CCC program representatives and national partners**

Pre-Workshop: Attendees can preview coalition assessment worksheet: Pages 10-13 in Advancing Patient-Centered Survivorship Care Workshop Planning and Facilitation Guide

Session 1

Time	Agenda Item	Notes/Potential Presenters
2:00 – 2:10	Introductions/Icebreaker	Presenters and participants
2:10 – 2:15	Review workshop purpose and agenda	Mohammad/Katie
2:15 – 2:30	*Didactic* The Role of CCC Programs and Coalitions in Advancing Cancer Survivorship Care	Mandi • Review what is needed to advance cancer survivorship outcomes • Discuss role of CCC in addressing the needs of cancer survivors • Consider health disparities • Discuss metrics for patient-centered care
2:30 – 3:00	*Activity* (Breakouts)	Small groups by state • Complete Assessment Worksheet as a group (one facilitator per state)
3:00 – 3:05	*Large Group Poll and Q&A*	• Poll of ratings of areas of quality survivorship by state (results of activity)
3:05 - 3:15	**Break**	
3:15 – 3:45	*Activity* (Breakouts)	Small groups by state • Complete prioritization worksheet • Consider existing state plan goals – existing buy-in for these may increase feasibility • Consider how you can leverage multiple members of your coalition to optimize success and advance the goal more widely/ systematically
3:45 – 4:00	*Large Group Discussion* (peer-to-peer component) – 3 minutes per state	Full group • What were the top 1-3 areas that are most critical and feasible to work on? • How do these align with your existing goals in your CCC plan? • How can you use this information to refine your current implementation/action plan for the year ahead?
4:00 - 4:05	*Resources Reminder*	Katie and Mohammad • GW Cancer Center's Survivorship Resources List • Clinical practice guidelines resource list • Coalition CoC Guide and related Zoom meet-up notes
4:05 – 4:35	*Facilitated Discussion*	Connie Bura • What challenges do states have in engaging clinical partners? • How can coalitions support clinical member achievement of CoC standards?

		• What are lessons learned and suggestions on optimizing coalition-clinical engagement and mutual support of survivorship goals?
4:35 -4:45	*Wrap-up* • Evaluation • Next TAT Session	Katie and Mohammad • What went well and what could be done differently for next session • Evaluation poll • Doodle poll for Session II
4:45	**Workshop adjourns**	

Between sessions: Meet with key stakeholders about the priorities you selected.

- Do you agree these are the greatest areas of unmet need and feasible for the coalition to do something about? Come to a consensus on your top 3 most important/most feasible areas for your coalition to address re: survivorship
- How do you know? What data tells you this is a problem?
- Do you agree on the major goal(s) for your coalition?
- Do you agree on the possible activities to address the goal(s)?
- What barriers might come up when you start to implement this activity or try to advance this goal?

Session II Activities: Root cause analysis of barriers to implementing priority goal(s); PDSA Cycle; Planning for Action.
